

**Troy, Michigan, April 9, 2007:** Systems Technology Group, Inc. (STG) announced that it has been awarded a large IT application development contract by Ford Motor Company to develop new applications to support the business processes of all Mexico dealerships selling and servicing Ford Motor Company vehicles in Mexico.

STG won this competitive bid award after having developed a reputation for delivering on-time and within budget solutions for Ford Motor Company.

STG is 1 of 4 global information technology services companies that have strategic offshore delivery partnerships with Ford Motor Company globally.

**About Systems Technology Group, Inc. (STG)**

Headquartered in Troy, Michigan, USA, STG is a global information technology services company specializing in providing the Fortune 500 companies with software and systems integration services. Specifically, STG specializes in Software Application Development, Data warehouse, Business Intelligence/Analytics, Service Oriented Architecture, Legacy Migration, and Software Integration services.

STG's clients gain a competitive advantage by leveraging STG's unique onsite, offsite and Global Offshore Delivery capabilities and SEI CMMi processes. STG's successful on-time and within budget track record has helped STG achieve a 90% repeat business referral rate from customers including General Motors, Mercedes Benz, Ford Motor Company, DaimlerChrysler Corporation, La-Z-Boy, SBC Communications, and several others.
