

Troy, Michigan, October 31, 2006: Systems Technology Group, Inc. (STG) announced that Ford Motor Company has awarded STG the Warranty Claims and Extended Service Business (ESB) project for Ford Motor Company's Asia-Pacific markets.

Under this project award, STG will be responsible for developing information systems to support Ford's Asia Pacific growth plans for selling extended warranty contracts for vehicles that are sold in the Asia Pacific. The primary markets that this system will support are Australia, China, India, Malaysia, Indonesia, Japan, New Zealand, Philippines, South Africa, Taiwan, South Korea and Vietnam.

STG was awarded a fixed price outsourcing contract for providing end-to-end solution for this project. STG is responsible for all application development life cycle activities including analysis, technical design, construction, testing and deployment.

About Systems Technology Group, Inc. (STG)

Headquartered in Troy, Michigan, USA, STG is a global information technology services company specializing in providing the Fortune 500 companies with software and systems integration services.
