

Troy, Michigan, November 7th, 2008: Systems Technology Group, Inc. (STG) is pleased to announce the award for application design, development Minnesota Department of Commerce eAssessment System.

This eAssessment system will provide a web based case management solution to track every activity of all Minnesota Public Utilities within the State of Minnesota. This new system will help manage a wide range of functions including employee tracking, invoicing, accounts receivables and utility case management. The solution will be sufficiently “touch free” to provide for easy, automated document management and workflow management.

STG’s delivery team will deliver this system leveraging STG’s global delivery centers located in St. Paul, MN, Troy, Michigan and Chennai, India.
