

**Troy, Michigan, June 22, 2004** - Systems Technology Group, Inc. (STG) announced that the State of Florida has selected STG as a pre-qualified strategic vendor for all information technology application software development needs. This contract award enables STG to bid on all application software development opportunities from all state and local government agencies within the State of Florida.

STG was selected for this contract award because of STG's deep experience in servicing the public sector and STG's propriety PRIDE® delivery methodology.

**About Systems Technology Group, Inc. (STG)**

Headquartered in Michigan, STG is an information technology services company specializing in application software development, strategic outsourcing, and software integration services. STG's clients gain a competitive advantage by leveraging STG's unique onsite, offsite and offshore delivery capabilities and SEI CMMi Level 3 processes. STG's successful on-time and within budget track record has helped STG achieve a 90% repeat business referral rate from customers.
