

Troy, Michigan, April 24, 2006: Systems Technology Group, Inc. (STG) announced that the Ford Motor Company and STG have signed a Global IT Sourcing Agreement. Under this agreement, STG will provide application delivery services to Ford North America, Ford Europe, and Ford Asia Pacific.

STG is confident that our differentiating PRIDE® Global Delivery Methodology will help STG continue our 100% on time and within budget delivery track record.

Further, STG becomes one of the few companies in the world to have a Tier One Preferred IT Services Supplier status with the Big 3 (DaimlerChrysler, Ford, and General Motors). STG has been providing information technology application offshore delivery services to DaimlerChrysler and General Motors for the past several years.

About Systems Technology Group, Inc. (STG)

Headquartered in Michigan, STG is an information technology services company specializing in application software development, strategic outsourcing, and software integration services.

STG's clients gain a competitive advantage by leveraging STG's unique onsite, offsite and offshore delivery capabilities and SEI CMMi processes. STG's successful on-time and within budget track record has helped STG achieve a 90% repeat business referral rate from customers.
