

# CRAIN'S DETROIT BUSINESS 2021 FAST 50

Troy, Michigan July 19, 2021:

Systems Technology Group, Inc. (STG) is proud to announce our inclusion to the Crain's Detroit Business Fastest 50 Companies Growth List for 2021. This recognition would not be possible without the unwavering commitment of our talented team and our client's trust in our abilities.

STG has achieved significant growth from software and solution services across various technology domains include artificial intelligence, machine learning, data analytics and connected vehicle and mobility services. We are fortunate to have achieved a 98 percent repeat business rate from existing clients, contributing to the growth.
